# **WATER CONSERVATION NOTICE**

**Dates:** Tuesday, May 22<sup>nd</sup> to Thursday, May 24<sup>th</sup>

For the dates above, the Village is requesting that the following measures please be taken:

- No watering of lawns.
- Minimal hand watering of gardens.
- No personal vehicle washing.
- Limit laundry.
- Moderate water use where possible.

**Reason:** The village is undertaking a control upgrade on the manganese green sand filters. Well pumps will be non-operational while this upgrade occurs and will not pump raw water into the treatment facility. The village will be running on its water reserves and requires enough water in its reserves for fire protection.

Please conserve water. Water treatment should recommence Thursday afternoon.

Sincerely,

Christopher Northcott  
Chief Administrative Officer
