### **Additional Programs:**

**Building Blocks:** Building blocks is a free 10-30 week program that happens in a families home. They are provided with strategies, games and learning tools to help aid with their child's learning. To register please call Rainbow Literacy and Learning Society.

**Literacy and Parenting Skills (LAPS).** This is a 6-week group program that explores techniques and topics related to parenting and literacy. Each week focuses on a different parenting topic and teaches games, crafts, books, songs and rhymes that will develop and strengthen a child's literacy skills. There are two options for registering for this program:

- 1) Programming can be offered individually in a family home. Please call Rainbow Literacy and Learning Society for more information and to register.
- 2) Programming can be offered in a small group format. We are currently working on finding a venue and will announce a start date at a later time.
