

❤️ PROJECT LINUS CANADA ❤️
<https://projectlinuscanada.org/>

My name is Lisa Perry, and I am from Fort Macleod, Alberta. I have just opened a Project Linus Chapter here in Fort Macleod. There are 44 chapters across Canada with Blanketeers providing much-loved blankets full of hugs to children going through a crisis in their lives. From young children who have lost a parent or sibling to a youth watching his home burn down, to teens diagnosed with cancer or other debilitating diseases. I am looking for Blanketers willing to make and donate blankets. Can be individuals or groups looking for service. [Project Linus](#) welcomes blankets of all styles, including quilts, fleece blankets, crocheted or knitted afghans and receiving blankets. Blankets must be **NEW, HANDMADE** and **WASHABLE**. Please use only new fabric and yarns for our blankets. When planning a quilt for a child, use child-friendly colours and fabric prints. Tapestry, denim, polyester, polyester double knit, felt, vinyl, wool, corduroy, burlap, and suiting fabrics are also unacceptable for Project Linus blankets. Non-washable yarns; materials that are not cuddly and soft; and used, soiled or old materials will not make a beautiful blanket we can be proud to deliver to a hurting child. Project Linus Canada donates blankets to children, infants through teens. Many sizes are appropriate depending on the chapter's need. For example, blankets could be as small as 36"x36". The majority of Project Linus blankets are about 40"x60" or what is called "crib size". Blankets could be as large as twin size for teens. Check out the Project Linus Canada page for details on specific sizes. You can also donate yarn, material or cash for others to make blankets. Also, please contact me if you know of a child needing a Project Linus Blanket by email or phone! When we all work together, great things can happen. Let me know if you have any questions, and thank-you for your time and consideration.
